

Isaiah Shikina

(503) - 442 - 9191 / ishikina@outlook.com / Houston, Texas

my webpage <https://ishikina.github.io/devportfolio/>

Software engineer with two years of experience involving dev and QA responsibilities. Comfortable working with and testing APIs. Ensured quality assurance of weekly software deployments by coordinating test cases with project managers and developers. Provided confidence to stakeholders using visual automated test results.

EXPERIENCE

Genesys – Remote

06/2022 – present

Software Engineer in Test

- Ensured quality assurance of team project by testing for data validation and API endpoints
- Designed test plans and cases with project managers, developers, and other test engineers
- Developed automation test jobs in deployment pipelines using Java and Jenkins
- Validated features and microservices through automation and manual testing
- Triage failed regression tests executions and reported defects/bugs

Blueprint Test Prep – Remote

07/2021 – 01/2022

Software Engineer

- Implemented and discussed software features and technical requirements with developers, stakeholders, project manager, and interface designer
- Developed backend microservices and REST API endpoints using Go and AWS
- Tested contributed code through unit and integration tests
- Deployed code on CI/CD pipelines and validated new features in structured testing environments

SKILLS

Languages

- Java, Python, Go (Golang), C++, GraphQL

Technologies

- Amazon Web Services, Jenkins, GitLab CI/CD, Sumo Logic, PagerDuty, Swagger, Postman

EDUCATION

Portland State University – 2021

Computer Science – Bachelor of Science

GPA: 3.69, *cum laude*
