US Citizen | (503) - 442 - 9191 | ishikina@outlook.com | Portland, Oregon

Portfolio: <https://ishikina.github.io/devportfolio> | LinkedIn: www.linkedin.com/in/isaiah-shikina-6ab604173/

EXPERIENCE

Blueprint Test Prep – Remote

7/2021 – present

Software Engineer

- Developed backend microservices and REST endpoints using Go, AWS, and Terraform
- Implemented and discussed software features and technical requirements with developers, stakeholders, project manager, and interface designer
- Tested contributed code through unit and integration tests
- Deployed code on CI/CD pipelines and validated new features in structured testing environments
- Fixed broken features on-call

SKILLS

Languages

- Golang, C++, Python, GraphQL

Technologies/Tools

- Amazon Web Services, DynamoDB, Redis, Elasticsearch, Lambda, API Gateway, Git, JIRA

EDUCATION

Portland State University – 2021

Computer Science – Bachelor of Science

GPA: 3.69, *cum laude*

PROJECTS

Health Dashboard

<https://github.com/ishikina/Health-Dashboard>

- Developed a web application that features a health dashboard and weight tracking
- Designed frontend with React Native components, deployed backend with DynamoDB, and integrated REST methods with API Gateway
- Incorporated data visualization and data analytics

Chemical Tracker Application

<https://github.com/PSU-Capstone-hello-world/golfCourse-chemTracker>

- Collaborated as a team of eight developers for senior project and created a web application and architecture to organize a company's regulation documents
- Maintained AWS backend environment, managed cloud database, and ensured data validation through unit and integration testing
- Discussed features, issues, and solutions with software engineer product owner
